

Meter & Regulator Ice Guard

GAA10RIG & GAA10MIG

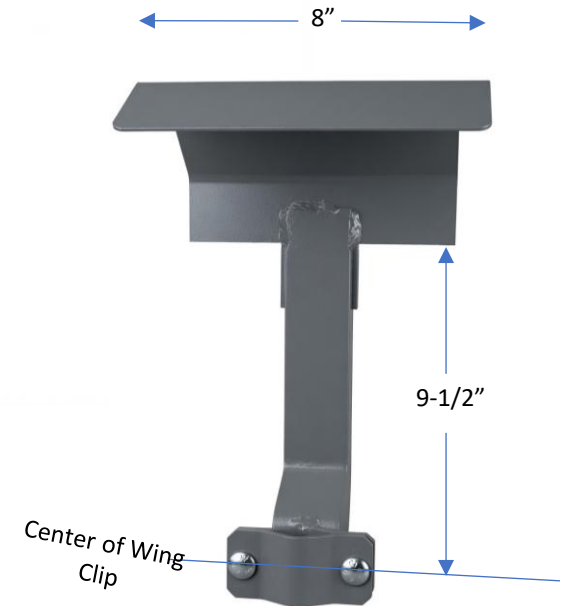

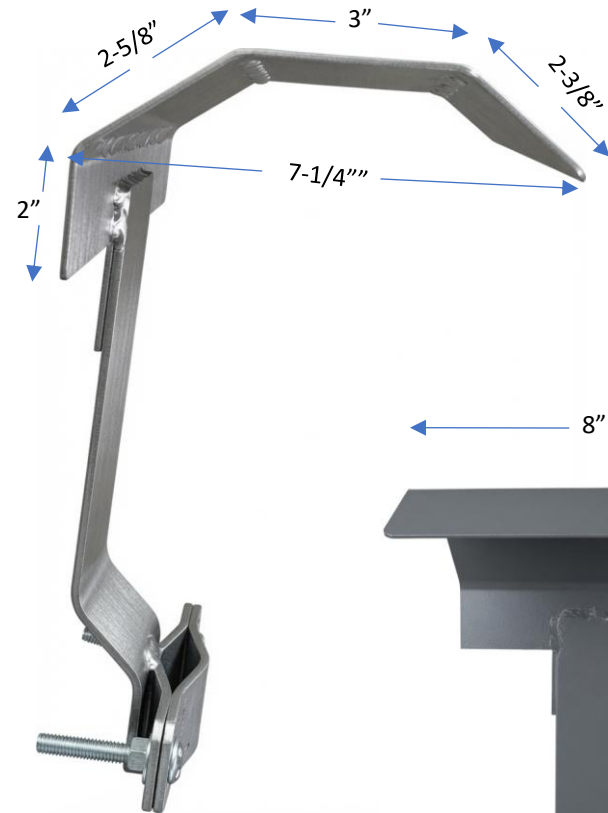

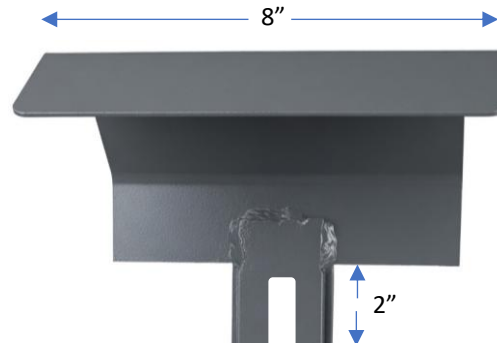

The guards provide protection for meters, regulator, and areas prone to snow and ice build-up. The top plate is identical; the difference is how it connects to the riser or the meter bracket

GAA10RIG – Connects directly to the riser using a wing clip, fits $\frac{3}{4}$ " – 2"

GAA10MIG – Connect/bolts directly to meter bar post

The Wing Clip measures at 2" X 4-1/4"
